

Hello Supporters, Donors and Friends of the Westcoast Motorcycle Ride to Live,

Prostate Cancer Foundation BC is proud to present the 14th Annual Westcoast Motorcycle Ride to Live May 28th, 2023. Prostate cancer is the third leading cause of cancer death in men, and one in eight men in BC will be diagnosed with it in their lifetime. Since 1997, Prostate Cancer Foundation BC has provided these men and their families access to resources and support, while raising awareness about the disease and providing crucial funding to prostate cancer research and care programs throughout the province. We strive to make a difference in the lives of the thousands of men affected by prostate cancer in BC, but we need your help!

This year we are planning to run a hybrid event, with a brand new format as well as the ability for people to participate in a self-directed event. Most of the funds raised come from individuals and groups who tirelessly fundraise by asking their friends and family to donate to their fundraising page. To support, encourage, and thank these individuals and groups for their efforts, we offer prizes for the top collectors and participants.

We would like you to consider donating an item or gift card that we can use as a prize item. In recognition of your contribution, we will acknowledge you or your business on our website and through our social media channels. With your help, we will be able to continue to show our appreciation to the hundreds of individuals and teams who put so much time and effort into fundraising for PCFBC and hopefully encourage them to raise even more!

In-person event
Langley May 28th
Virtual finishes Sept 6th

Thank you for
your time and consideration.

Sincerely,

Nicole Sirockman
